PROFILE SUMMARY

Information Technology undergraduate with experience building full-stack web applications using React.js, Laravel, PHP, JavaScript, and MySQL through academic projects. Eager to continue learning, improve my development skills, and contribute to a software development team.

WORK EXPERIENCE

Intern – Social Services Department

September 2025 – November 2025

- Organized departmental records and documentation, improving accessibility and supporting daily administrative operations.
- Assisted staff with administrative tasks and coordination, contributing to the smooth execution of departmental activities.
- Collaborated with team members to maintain accurate records and complete assigned tasks within deadlines.

ACADEMIC PROJECTS

E-Commerce Management System | React.js, Laravel, MySQL, Bootstrap, Stripe API

- Built a full-stack e-commerce web application using React.js, Laravel, and MySQL, with RESTful APIs for seamless frontend–backend communication.
- Implemented user authentication, product management, shopping cart, and order processing features, integrating Stripe Payment Gateway for secure online payments.
- Designed a responsive user interface using Bootstrap to ensure a consistent experience across different devices.

Smart Boarding Management System | HTML, Tailwind CSS, PHP, MySQL

- Developed a web-based boarding management system using PHP and MySQL to streamline student registration, room allocation, payment tracking, and boarding record management.
- Built a responsive user interface with HTML and Tailwind CSS to improve accessibility across devices.
- Digitized manual administrative processes, making boarding management more efficient and organized.

Learning Management System (LMS) | HTML, Tailwind CSS, JavaScript, PHP, MySQL

- Built a web-based Learning Management System using PHP, JavaScript, and MySQL with secure authentication for registered students.
- Developed core features including notice publishing, learning material uploads, assignment submissions, and examination result management.
- Designed a responsive interface to provide an accessible and user-friendly experience across devices.

EDUCATION

Sri Lanka Institute of Advanced Technological Education

- Higher National Diploma in Information Technology (HNDIT)

Kegalle
2024 – Present

TECHNICAL SKILLS

Programming Languages: Java | PHP | JavaScript | C#

Frontend: ReactJS | HTML5 | CSS3 | Bootstrap | Tailwind CSS

Backend: Laravel | .NET | Spring boot

Database: MySQL

Tools & Technologies: Git | GitHub | VsCode | IntelliJ
